Projects

E-Commerce Website Using React 🔗

I developed an e-commerce website aimed at enhancing the user interface andshopping experience for online shoppers. The primary goal of the project is to create aseamless and engaging shopping experience with easy navigation, interactive features, andresponsive design. [Html,CSS,Javascript,React]

React Admin Dashboard Template Using Redux 🔗

A responsive Admin Dashboard designed for managing users, tracking orders, and analyzing revenue data. This Admin Dashboard is built for managing and visualizing essential business data. It features user, product,and order management, revenue tracking, and performance analytics. The dashboard includes dynamic charts, real-time statistics, and a responsive interface. [Html,CSS,Javascript,React]

Unique Restaurant Website (HTML,CSS AND JAVASCRIPT) 🔗

I created a restaurant website designed to provide customers with an engaging anduser-friendly experience. The website showcases the restaurant's menu, services, andambiance while encouraging online engagement and bookings. [HTML,CSS,JAVASCRIPT]
